State interest or reason for wanting to serve My wife and I moved back to Maine after 5 years away in 2013 when our first son was born; and plan on staying here for the long haul so I would love to get more involved supporting the city my family calls home. I had been working in the non-profit sector in North Carolina for an energy company and really enjoyed helping out communities interested in energy efficiency and renewables. I currently work in the energy sector and did not realize South Portland had openings to volunteer that also fit my skills and interest!

I plan on trying to attend these sessions regardless to learn more about whats going on, but would love to actually be an active part of the process if there is the opportunity. Please feel free to call or email, I would love to answer any questions you might have about my interest and background.

Have you lived here in the City less than three years?
Yes

Could you commit to attending a minimum of 75% of scheduled meetings Yes

Please check the Board, Committee or Commissions you would be interested in serving on Energy & Recycling Committee
